

Standardisation and Benchmarking Policy

1 General

- 1.1 This policy statement aims to describe what BIIAB Qualifications Limited¹ does to ensure that standards² are applied consistently by Centres and our own staff and subcontractor teams.
- 1.2 Standardisation is an activity which provides a forum for review through which sample assessment evidence is compared across Centres³ and years and measured against an agreed benchmark.
- 1.3 A benchmark is a point of reference by which all assessment evidence can be measured over time.
- 1.4 We will, during the application of our regulated activities:
 - set appropriate standards through the development process;
 - provide delivery and assessment guidance and, where appropriate, exemplar materials to centres to support the interpretation of the standard;
 - provide additional guidance for Centres through e.g., sector / subject events; general and specialist advice (advisory visits); access to sector / subject specialists; access to named Customer Support Officers.
 - ensure consistency and maintain rigour in the assessment and quality assurance procedures in Centres;
 - ensure consistency and maintain rigour in the marking and quality assurance of external assessments;
 - prepare plans for standardisation and review;
 - establish sample benchmarks and retain sufficient evidence to monitor standards across Centres and over time;
 - provide feedback to Centres on the outcomes of standardisation and review activities.
