

BIIAB Award for Door Supervisors in the Private Security Industry (Scotland) at SCQF Level 6

Overview

The BIIAB Award for Door Supervisors in the Private Security Industry (Scotland) at SCQF Level 6 is designed to show that learners have obtained and can demonstrate the knowledge and skills required to be a Door Supervisor.

The primary purpose of the qualification is to confirm occupational competence. However, employers can also rely on the knowledge provided as meeting nationally recognised standards within security, and more specifically door supervision, at this level. As such the sub-purpose is to confirm the ability to meet a 'licence to practise' or other legal requirements made by the relevant sector, professional or industry body.

Under the Private Security Industry Act 2001, all door supervisors must hold a licence to practise issued by the Security Industry Authority (SIA). Successful completion of this course enables a door supervisor to meet one of the requirements to apply for their licence.

Due to constant regulatory, policy and funding changes users are advised to check this qualification has been placed in the relevant Apprenticeship Framework and / or is funded for use with individual learners before making registrations. If you are unsure about the qualification's status please contact BIIAB head office.

Assessment

This qualification is assessed by external examination and requires internal and external moderation. Specific requirements and restrictions may apply to individual units within qualifications. Please check unit and qualification details for specific information.

Centres must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.

Assessments will be accessible and will produce results that are valid, reliable, transparent and fair. BIIAB Qualifications Limited will ensure that the result of each assessment taken by a learner in relation to a qualification reflects the level of attainment demonstrated by that learner in the assessment and will be based upon the achievement of all of the specified learning outcomes.

BIIAB Qualifications Limited will make every effort to ensure that it allows for assessment to:

- > be up to date and current
- > reflect the context from which the learner has been taught
- > be flexible to learner needs

Please refer to the [Instructions for the Conduct of Examinations and Other External Assessment](#) for further information.

There are four multiple choice exams:

Principles of Working in the Private Security Industry

This unit will be assessed by both knowledge and practical assessment. The knowledge assessment is an externally set and marked multiple choice question paper consisting of **72 questions**. The examination will last for **110 minutes** and learners will be required to answer correctly 70% in order to pass. The practical assessment is an externally set, internally assessed activity based on the completion of an evidential statement and learners will be required to achieve a pass mark of 100%. Training centres are required to retain copies of the evidential statements completed on record for a minimum of 3 years, the BIIAB Qualifications Limited EQA will sample this activity during a quality assurance visit.

Principles of Working as a Door Supervisor in the Private Security Industry

This unit will be assessed by both knowledge and practical assessment. The knowledge assessment is an externally set and marked multiple choice question paper consisting of **50 questions**. The examination will last for **75 minutes** and learners will be required to answer correctly 70% in order to pass. The practical assessment is an externally set, internally assessed observation of searching with observation sheet and an externally set and internally assessed observation of using communications devices. The practical assessment must be visually recorded for each learner and is recommended to take approximately 15 minutes. Learners will be required to achieve a pass mark of 100% for the practical assessment.

Application of Conflict Management in the Private Security industry

This unit will be assessed by both knowledge and practical assessment. The knowledge assessment is an externally set and marked multiple choice question paper consisting of **20 questions**. The examination will last for **30 minutes** and learners will be required to answer correctly 70% in order to pass. The practical assessment is an externally set, internally assessed practical scenario with observation sheet. The practical assessment must be visually recorded for each learner and is recommended to take approximately 15 minutes. Learners will be required to achieve a pass mark of 100% for the practical assessment.

Application of Physical Intervention Skills in the Private Security Industry

This unit will be assessed by both knowledge and practical assessment. The knowledge assessment is an externally set and marked multiple choice question paper consisting of **30 questions**. The examination will last for **45 minutes** and learners will be required to answer correctly 80% in order to pass. The practical assessment is an externally set, internally assessed observation of each learner performing every technique with observation sheet and Question and Answer session to cover critical areas of physical intervention knowledge. The practical assessment must be visually recorded for each learner and is recommended to take approximately 15 minutes. Each learner should introduce themselves, state the date and the techniques they are demonstrating.

Learners will be required to achieve a pass mark of 100% for the practical assessment. The trainer will only pass a learner when all of the techniques have been demonstrated successfully.

If any of the multiple-choice assessments are taken online, the tests are scheduled in our BIIAB Customer Management System and each learner in a cohort will sit a unique test. The online tests are marked automatically.
